

Secure Network Storage Device (NAS) DTD-NAS-500T (1000T) TEMPEST DTD-NAS-500 (1000) Non-TEMPEST

Based on the LinkStation Pro NAS, the DTD-NAS products offer Gigabit networking and transfer rates five to six times faster than other NAS devices.

Features:

- Removable Hard Drive
- Simplified File Sharing For Home or Small Office Network
- Active Directory Support: Works as a client in an Active Directory domain allowing LinkStation Pro to utilize the domain users and groups.
- High Speed Processor, DDR2 RAM, and Fast 7200 RPM SATA Hard Drive
- Control Access With Group and User Level Security
- Access Data from any Windows or Macintosh Computer on Your Network
- Two or More LinkStations Can be Used to Back Up Each Other Over Your Network
- Easy Setup Does Not Require Drivers
- Scheduled Backup via USB 2.0 to External Storage
- Expand Storage by Adding a USB 2.0 Hard Drive (Optional)
- Auto-Sensing 10/100/1000 Gigabit Ethernet Port
- Gigabit JumboFrame Support (4k, 8k, 15k)

Built and tested to meet the following TEMPEST standards:

- NISTISSAM 1-92 Level I
- AMSG 720B

LAN Interface

10, 100, or 1000 Mbps Fiber Connector (SC, ST, FC, LC, MTRJ)

Drive Type & Sizes

Removable 500GB or 1.0TB SATA

Protocol Support

Networking: TCP/IP, File Sharing: SMB, FTP Directory: Integration Active Directory, Management: HTTP, Time Synchronization: NTP

Dimensions : (WxHxD in.) 3.0 x 9.0 x 9.0

Weight: (lbs) 6.3

Power Consumption (Watts) Average 17 W (with no USB devices connected)

Operating Environment (Fahrenheit) 41-95°

OS Support

Windows Operating Systems

Client OS Support

Windows XP, Windows 2000, Windows Me, Windows NT 4.0, Windows 98 SE, Linux (SMB)

Power Supply

Internal AC100V 50/60 Hz

- Warranty is one year, parts and labor
